

To the other animals on the island,  
I am really lonely in my cave. No other  
animals come to visit me and I am far away  
from home. I know that I am big and scary  
but really I am very friendly. I am a little  
scared because I don't belong here and I miss  
my family.

Why don't you talk to me? All you do is run  
away and it makes me sad. Please can I talk  
to you? I just want to go home. Will you  
help me?
